We wish to encourage our parents to continue to partner with the school to instill sound morals to our children at home and inculcate in your wards the culture of handling all school properties in their custody with care.

CONCLUSION

Dear Esteemed Parents, the school is making all effort to fulfil her promises. We shall need your cooperation to concretize the value we are building into the children especially while on holiday. Give them limited access to internet facilities, handsets and set a watch on what they watch on the media channels at home. We wish you a peaceful holiday.

God bless you.

Thank you.
